

Connect180

Category 1 – Fixed – Manual Point

Terminal Type (Inmarsat Gateway)	PAR-LAN-SCM-1800500
Terminal Efficiency Group	Group 4
Type Approval ID	GXL180PAR-03
Modem Type	iDirect CX751 GX Core Module; IDU
Aperture	180cm, Glass fiber reinforced polyester SMC
Block Up Converter (BUC)	5W Transceiver
RF Band	Commercial Ka (Rx 19.2-20.2GHz, Tx 29-30GHz)
Mount Type	Fixed; Options: King post, Non Penetrating Mount; ISO Corner
Terminal Pointing	Manual Point (Spectrum Analyzer required)
Power Source	AC 90-264V
Management User Interface	PC web-based interface
Equipment Interface	3 x 100Base-T Ethernet
Packaging	Freight packaging
Weight	111kg (not including post/mount)
Environmental (operational)	-25 to +55 Degrees Celsius (ODU); 0 to +45 Degrees Celsius (IDU)
Wind Loading	50mph (operational); 125mph (survival)
