

Globalstar Sat-Fi2™

No matter how far off the grid you go for work or pleasure, **Sat-Fi2** keeps you connected when cellular service is unavailable.

With our easy to use Sat-Fi2 app, continue managing your business with the ability to email, text, talk, post to social, access the web, check the weather, and share photos and files. With S.O.S. capabilities, you can communicate directly with GEOS who facilitates Search and Rescue.

Run your business and your life, manage emergencies and stay productive all with the convenience of connecting up to 8 personal smart devices to your own private satellite Wi-Fi network.

Satellite Wi-Fi Hotspot
